

Driving at Work Policy Statement

RCS-POL-01_ Rev00_01-01-2023

01/01/23

It is the policy of RAINBIRD CRANE SERVICES to take all reasonable steps to manage the health and safety of company personnel who may drive on company business.

This is to comply with the statutory duties as an employer and to demonstrate that all reasonable steps have been taken to introduce safe systems of work. It is for this reason that this policy not only sets out procedures on work-related driving, but details what is expected from company personnel; both in terms of complying with relevant legislation and RAINBIRD CRANE SERVICES standards.

These cover a variety of areas including the documentation that we need to see from own-car drivers, as well as basic guidelines on driver health. RAINBIRD CRANE SERVICES have a duty under the Health and Safety at Work Act 1974 to take steps as far as is reasonably practicable, to ensure the health, safety, and welfare of those who need to drive as part of their job.

To comply with these duties, the company will take steps to set up safe systems of work to control and manage any risks, which cannot be eliminated. These will be identified by the carrying out of a suitable and sufficient risk assessment as required by the Management of Health and Safety at Work Regulations 1999. Where applicable, this policy is also based on relevant provisions of the Road Traffic Act 1988.
